A Venture of Labtech Innovation Educational Research and Welfare Foundation

[www.labtechinnovations.com](http://www.labtechinnovations.com)

## About Us

**Labtech Innovations**, a venture of the Labtech Innovation Educational Research and Welfare Foundation, is a leading organization dedicated to advancing education, research, and intellectual property (IP). Our services include research consultancy, IP support (patent drafting, filing, and strategy), and publishing assistance in high-quality, indexed journals such as Scopus, Web of Science, and UGC Care List. We also specialize in training programs, R&D partnerships, and setting up incubation labs.

Renowned for organizing over 80+ conferences and publishing more than 25,000 research papers, we excel at conducting international conferences, workshops and FDPs and fostering international collaborations.

## Our Service

# Indian Accreditation Framework for Research and Development(R&D)

The Indian Government's accreditation system has outlined specific dimensions for Research and Development (R&D) to ensure quality and innovation in academic and scientific contributions.

1

## NIRF ACCREDITATION

**30%** weightage under "Research and Professional Practices (RP)

2

## AICTE RANKING

Focuses on patents, publications, innovation, and start-ups.

3

## NAAC ACCREDITATION

**150–250** points (Criterion III: Research, Innovations, Extension)

4

## NBA ACCREDITATION

**~30–40** marks for R&D/IPR contributions (faculty/program level).

5

## Career Advancement Scheme by UGC

Recognizes API scores for patents, R&D projects, publications.

# Publish your Research

Do you require help for publishing?

-  **Journal Publication**
-  **Book Chapter**
-  **Conference Proceedings**
-  **Writing with Publication**

# We are Expert in Managing World-Class International Conferences & Events

**International  
Conferences**

**Faculty Development  
Programs (FDP)**

**International  
Webinars**

**Skill Development  
Programs**

## **Plan a Conference**

We promise to assist you in planning a conference.

## **Be a Speaker**

Learn to share your knowledge and expertise effectively.

## **Collaborate with us**

We'll be happy to assist in planning the conference.

**Labtech is actively contributing to the SDGs**

**Scopus<sup>®</sup>**

**Conference Proceedings**

# TBI, Incubation Center, Funding Labs & Projects

## Are you looking for a grant?

- Government Funding Guidance for lab setups and operations.
- Innovation & Research Project Funding.
- Regulatory Compliance Assistance to meet government norms.
- Advanced Technology Provision for world-class research.
- End-to-end support for research and development success.

# HOW WE DELIVER

## CONSULTATION

Integrate with our experts to elaborate your challenge.

## EXECUTION

Execute it and achieve the unexpected from the expected.

## ACTION

Utilize the intellect and hard work of our dexterous team led by qualified researchers & professionals.

## WORK

Repose all your Virtual team analysis and builds, novel, pioneering, the modern & customized solutions only for you.

## COMMITMENT

Examine the solution thoroughly and if the team has surpassed expectations, reward the deserving.

# Why choose us

1

## COMPUTING LAB

- State-of-the-art computational facilities under 24/7 surveillance.
- Well-equipped and powered with an uninterrupted power supply.
- Highly sophisticated computing machinery.
- Periodically upgraded with the latest software, tools and applications

2

## DIGITAL LIBRARY

Access to :

- International research journals
- Software toolboxes and latest applications.
- Collection of source program files of state-of-the-art algorithms.
- Benchmark database, image bases, video bases and weblog data.

3

## TOOLS AND PROTOCOLS

- Advanced and reliable software for grammatical correctness.
- Access to Turnitin, a renowned plagiarism and AI checker.
- Advanced design tools for high-quality illustrations and figures.
- Sophisticated software for knowledge transfer in remote places
- Advance bibliography software for referencing system

4

## MANAGEMENT SYSTEMS

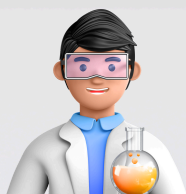

- Regulated and protected information system to manage client base
- Chatting and offline messaging service for instant queries.
- 24/7 tracking support.
- Diverse departments such as telemarketing, research and support.
- 24/7 CCTV surveillance of the entire infrastructure

# WHOs Behind ?

## Meet the experts

We ensure that you will rarely get experts like us and their knowledge is outstanding.

### Research Scientist

Our team will guide research scholars in understanding the problem and recommending innovative solutions.

### Data Scientist

Our team helps to understand the problem and offers constructive solution

10+ Years of Excellence  
25,000+ Publications  
7,000+ IPR Filed  
25+ Prestigious Awards

10+ Years of Experience  
5,000+ Projects Completed  
5,000+ Copyright Filed  
1,000+ Algorithms Invented

# Our Guarantees

## 100% Customer Satisfaction

We are committed to delivering unmatched satisfaction with unlimited access to research papers and literature upon request. Additional services include AI-generated report checks, plagiarism checks, and preliminary review reports to maintain the highest quality standards.

## Plagiarism and AI-Free Work

Plagiarism is a serious violation, and we uphold the highest ethical academic standards by strictly delivering 100% original work. Every paper undergoes thorough scrutiny using advanced anti-plagiarism software to ensure authenticity. Our commitment to providing completely plagiarism-free work, along with proof of originality, sets us apart in the research writing process.

## Unlimited Support

We provide unparalleled guidance to researchers on managing their work, a service unique to us. Our commitment includes unlimited free revisions, ensuring complete satisfaction.

## On-Time Delivery

We pride ourselves on timely delivery, consistently achieving a 99% success rate in meeting our deadlines.

## Subject Matter Expertise

Every subject is unique, so we assign your work to specialized Subject Matter Experts with proven experience in your research area.

## Communicate with your Mentor

Absolutely! You can communicate directly with our technical experts via phone or online. Alternatively, you're welcome to visit our office with a prior appointment to address your queries in person.

## Updated Academic Resources

High-quality academic resources, including peer-reviewed journal articles, books, research databases, and more, are utilized for your research work.

## Free Research Articles Supply\*

We are dedicated to delivering 100% customer satisfaction and providing unlimited research papers and literature upon request. We also provide AI-generated report checks, plagiarism checks, and preliminary review reports to ensure the quality assessment of research papers.
